

March 2025

Dear Parent,

Our annual activity day will be run on Tuesday 22<sup>nd</sup> July 2025. This is a day where pupils can enjoy experiences that they potentially have not taken part in before and where they can learn new skills and build on current and make new friendships.

We are attempting to offer a variety of activities for your child to select from both in and outside of school. There is an obvious need to charge for activities to cover transport and the activity. We have a range of costs and the ability to pay by instalments. All prices are approximate until we have a better idea of numbers.

We are going to be letting the pupils know what the activities are on Monday 31<sup>st</sup> March and carry out an "expression of interest" poll so that we can see what the level of interest is in each activity. This will allow us to remove less popular activities.

As there is a cost involved in the activities, we wanted to allow you the opportunity to discuss the activities with your child before we put the poll out.
