

Danebury Proposed Trips

We are very keen to create as many opportunities as possible which extend our curriculum beyond the classroom. Trips not only enrich a pupil's knowledge and skills but also provide opportunities to develop independence, leadership, organisation, resilience, initiative and communication skills. Above all, we want all our pupils to enjoy these experiences, making memories which last a lifetime. Our aim is to be inclusive by providing a wide range of opportunities and to keep costs down as far as possible. The following trips have been proposed by staff, dates may be subject to slight changes and costs are approximate, depending on the numbers of pupils interested in going and transport costs.

Current Academic Year 2024-2025
